Dear Claire,

Let me take this opportunity to express my deepest gratitude for you bringing your collection of Pearl jewelry to BVGC. I love that fact that you can bring your girlfriends and just have a girls night out, trying on the worlds finest gems. If you come not knowing anything about pearls, you leave loving the pearls! Mike has such a passion and love that he passes on to each and every person that attends. You are so much fun to work with, our members absolutely love you and the pearls! We are looking forward bringing you back for future events. Please feel free to use me as a reference. Tell Mike and the rest of the crew hello.

P.S. Thanks for helping me pick my newest piece!

Best Regards,
